

TfW Membership

Members

Are employers who are developing and implementing initiatives that encourage healthy and more sustainable travel to and for work.

Members have access to all the TfW services (see over).

Senior Management Support

To ensure you are designated as a TfW member we ask that a senior manager write to us requesting membership and committing your organisation to producing and implementing a travel plan or at least one travel initiative in the first 12 months.

Travel Plan Awards

We encourage TfW members who are producing travel plans to apply for a Travel Plan Award. This will provide structure and invaluable assistance, reward and positive publicity for your travel planning activities (see Awards info sheet).

Travel for Work Services

Advice on travel initiatives and travel planning

Adult cycle training

CamShare (carshare database)
